JURY TRIAL DEMANDED

SCHEDULING ORDER

Pursuant to the Court’s June 16, 2021 Amended Standing Order Regarding Notice of Readiness for Patent Cases, a Case Management Conference (“CMC”) in this case was deemed to have occurred on June 30, 2021. As a result of the CMC, and pursuant to Rule 16, Federal Rules of Civil Procedure, the Court **ORDERS** that the following schedule will govern deadlines up to and including the trial of this matter:

Date	Event
06/23/2021	Plaintiff serves preliminary ¹ infringement contentions in the form of a chart setting forth where in the accused product(s) each element of the asserted claim(s) is found. Plaintiff shall also identify the earliest priority date (<i>i.e.</i> the earliest date of invention) for each asserted claim and produce: (1) all documents evidencing conception and reduction to practice for each claimed invention, and (2) a copy of the file history for each patent in suit.

¹ The parties may amend preliminary infringement contentions and preliminary invalidity contentions without leave of court so long as counsel certifies that it undertook reasonable efforts to prepare its preliminary contentions and the amendment is based on material identified after those preliminary contentions were served, and should do so seasonably upon identifying any such material. Any amendment to add patent claims requires leave of court so that the Court can address any scheduling issues.

07/14/2021	The Parties shall submit an agreed Scheduling Order.
08/18/2021	Defendants serve preliminary invalidity contentions in the form of (1) a chart setting forth where in the prior art references to each element of the asserted claim(s) are found, (2) an identification of any limitations the Defendants contend are indefinite or lack written description under section 112, and (3) an identification of any claims the Defendants contend are directed to ineligible subject matter under section 101. Defendants shall also produce (1) all prior art referenced in the invalidity contentions, and (2) technical documents, including software where applicable, sufficient to show the operation of the accused product(s). ²
09/01/2021	Parties exchange claim terms for construction.
09/15/2021	Parties exchange proposed claim constructions.
09/22/2021	Parties disclose extrinsic evidence. The parties shall disclose any extrinsic evidence, including the identity of any expert witness they may rely upon with respect to claim construction or indefiniteness. With respect to any expert identified, the parties shall identify the scope of the topics for the witness's expected testimony. ³ With respect to items of extrinsic evidence, the parties shall identify each such item by production number or produce a copy of any such item if not previously produced.
09/29/2021	Deadline to meet and confer to narrow terms in dispute and exchange revised list of terms/constructions.
10/06/2021	Defendants file Opening claim construction brief, including any arguments that any claim terms are not indefinite.
10/27/2021	Plaintiff files Responsive claim construction brief.

² The parties may elect to exchange license and sales information but any such exchange is optional during the pre-Markman phase of the case.

³ Any party may utilize a rebuttal expert in response to a brief where expert testimony is relied upon by the other party.

11/10/2021	Defendants file Reply claim construction brief.

12/09/2021	Fact Discovery opens; deadline to serve Initial Disclosures per Rule 26(a).
01/19/2022	Deadline to add parties.
02/02/2022	Deadline to serve Final Infringement and Invalidity Contentions. After this date, leave of Court is required for any amendment to Infringement or Invalidity contentions. This deadline does not relieve the Parties of their obligation to seasonably amend if new information is identified after initial contentions.
03/30/2022	Deadline to amend pleadings. A motion is not required unless the amendment adds patents or patent claims. (Note: This includes amendments in response to a 12(c) motion.)

⁴ The parties should contact the law clerk to request a Box link so that the party can directly upload the file to the Court's Box account.

06/08/2022	Deadline for the first of two meet and confers to discuss significantly narrowing the number of claims asserted and prior art references at issue. Unless the parties agree to the narrowing, they are ordered to contact the Court's Law Clerk to arrange a teleconference with the Court to resolve the disputed issues.

11/11/2022	File joint notice identifying remaining objections to pretrial disclosures and disputes on motions <i>in limine</i> .
